Paid media / Growth strategy / AI & automation

Cairo, Egypt | +20 115 280 6034 | omar.hussien.device@gmail.com

[linkedin.com/in/omar-hussien](https://www.linkedin.com/in/omar-hussien)

Digital marketing specialist combining paid campaigns, platform growth strategies and performance analysis with AI-assisted project development. Builds practical tools and workflows for internal productivity and client growth, working alongside marketing, creative and technical teams.

EXPERIENCE

Samawah Media

Jul 2024 - Present

AI Transformation Lead & Digital Growth Architect | Feb 2026 - Present

Previously: Marketing Specialist | Jul 2024 - Apr 2026

- Develop internal and client-facing AI-assisted tools, including reporting platforms and project dashboards, to support team productivity and client growth.
- Plan campaigns, platform growth strategies and performance reporting for cultural and educational projects, collaborating with the Samawah team.
- **Riyali**: coordinated publishing across five platforms and automated scheduling for 74+ posts per month. Team content recorded 2.2M+ impressions in January 2025.
- **Jalas**: connected Salla orders to individual QR tickets and reporting to support the journey from purchase to event check-in.
- Contribute to AI-generated creative content and support technical colleagues with project implementation.

Seamless Media Inc. | Marketing Specialist

Sep 2022 - Jun 2024

- Managed digital campaigns and growth plans aligned with business goals; used generative AI tools to support campaign optimization and audience engagement.

Freelance | Digital Marketing Specialist

Jan 2020 - Jun 2024

- Developed platform strategies, campaigns and performance reports. Client work included Impression Egypt and Pyramedia; managed AED 10,000+ in ad spend for Pyramedia.

Homzmart | Customer Experience & After-Sales

Apr - Dec 2020

- Developed customer feedback surveys and analyzed service workflows to improve customer experience and operational follow-up.

OLX Egypt | Customer Support, Strategy & Analytics

Sep 2018 - Mar 2020

- Supported customer research, performance reporting and retention initiatives.
